

**Full product containing 22 vintage paint effects for Adobe Photoshop** with 2 formats (landscape, portrait) and 8 high-resolution textures in transparent PNG you can buy here:

<https://crmrkt.com/J9kqr5>

**How to use it:**

1. Select format
2. Open PSD file
3. Double click on thumbnail in layers (paint n. - it's smart object)
4. It will open as .PSB (smart object subfile)
5. There is layer "Add your graphic" so place it there
6. Save it and close .PSB file! - it's so simple!

**Matej, Guerillacraft**
